

## ENVIRONMENTAL POLICY

**We at NAEIPL-Bilaspur, engaged in manufacture of sheet metal products aim to ensure the health and safety of employees, minimize any adverse impact on environment and make a positive contribution to community life.**

**To achieve these objectives NAEIPL-Bilaspur shall: -**

- Consider contextual(related) risks of its environment management system
- Achieve compliance obligations by meeting legal and interested parties' requirements
- Seek to continually improve EMS performance through setting and reviewing targets, assessing and reporting performance
- Prevent pollution, reduce emission, conserve resources, dispose-off inevitable wastes in a safe manner and procurement of sustainable products
- Ensure involvement, participation and motivation of employees in implementation our EMS management through training, awareness & competence building

This policy shall be reviewed /updated as necessary and available to public and interested parties on demand.
